# 3. Ethical AI Instruction

This award recognizes customers who are harnessing the power of AI tools within Blackboard® to elevate course design and digital teaching practices while upholding ethical standards in AI use.

- You can start the process and return later to complete the form by clicking on "Save + close".
- Please make sure all your personal details are entered accurately, including contact details.
- The written component of your entry should be fully explained within the provided form fields. Responses submitted in attached files (Word documents, presentations, etc.) will not be considered. Supporting documentation, which provides additional details regarding the initiative, is welcome and can be provided in a subsequent step of this submission process.
- Please note that if you are applying to our new **Ethical AI Instruction category**, you'll need to provide additional materials that showcase the work you have been doing during the past year.
- Carefully review all your responses and attached information. You may edit your entry after submitting, up until the entry deadline.
- After all required fields are completed, click on the "Submit" button to finalize the submission process.
